1. **Mission Statement.** I can't remember if we approved the below Mission Statement. Can we get a vote again please.

**BICYCLE ADVISORY COMMITTEE OF THE CITY OF LOS ANGELES**

**MISSION STATEMENT**

**With the current environmental situation our A&E goal is to create for bicyclists a safer and healthier city:**

**Adopt ideas, goals, programs, and practices that will make Los Angeles a model and exemplar for the nation and of how 21st-century urban humanity can create a better built and multi-modal environment that improves lives.**

**TAG LINE: Bicycling is a movement for change.**

2. What projects should we undertake since we have no financial resources:

c. Outreach at schools and neighborhood councils now that we are at Yellow Level. What should we be active doing?

d. Bicycle training (How to ride a bike, rules of the road (Local and California State) such as what LACDC does? Eli Kaufman might be able to give us some guidance.

e. Any new bicycle riding materials that are interesting (maps, rules of the road, bicycle repair instructions)?

f.. Group bike rides? Not certain we can do this because of liability issues since we are representing City of Los Angeles.

g. Should we get closer to the e-bike and e-scooter folks? If yes, what is the objective/advantage?

3. Aubrey Provost has two topics he would like to discuss:

a. Aubrey would like a survey on decal distribution. Any success in handing out?

b. Aubrey would like a discussion on E-bike parameters, selection and cost. How can we teach people where to purchase and what to look for? Rebates available or proposed?

1. An article in The Wall Street Journal titled “Ride the SUV of Cycles” <https://www.wsj.com/articles/these-bikes-are-the-suvs-of-the-cycling-world-11616703164>

4. What would you like seen done in your Council District? Any special programs available?

5. How to get LADOT more involved to get us bike lanes? Some funding?

6. have you seen any recent State of California legislation that is favorable to bicyclists? If in future, please share with me so I can send to all appointees.

7. Any other ideas that you want to share, let me know before the meeting so I can create an updated agenda.

8. Any old business that needs to be reviewed?

Thanks for your time. Hope to see some of you next Tuesday.  
My wish is that you all are safe and healthy.
