Zoom Call Information below at end of Agenda

CLABAC Advocacy and Education Committee Members:

Good Afternoon. This email is being sent to all Appointees of CLABAC to notify you of the upcoming Zoom call this coming Tuesday, November 2nd from 7pm to about 8pm. I realize that there may be only a handful of Appointees who genuinely are interested in this committee, but I thought I would reopen to all of you since attendance this year has been on the small side. Even if you are not an Appointee to LABAC, you and any other residents of Los Angeles may join the upcoming Zoom call free of charge and see if we say anything interesting that you could get passionate about. [Zoom Call information listed at bottom of page.](#)

During the Advocacy and Education meeting we need to decide on some important issues concerning the Advocacy and Education Committee:

Below are agenda ideas that that have been suggested to me that I would like to be discussed at the upcoming LABAC meeting:

1. Open session to brain-storm ideas. LABAC has been around for 50 years. Times have changed. So must we in order to make changes for safety and greater amount of bicycle riding in Los Angeles. The DTLA CicLAvia a few weeks ago was a huge success with 50,000+ people attending. I worked at the LACBC tent and handled out stickers. Bike riders were so happy to be outside again. How can we capture this excitement?

2. How does LABAC get involved with bicycle/active transportation classes with METRO?
3. How do I give you support to approach you Council District Field Deputies and Transportation Deputy to be more involved in our bicycle agenda?
4. How do we distribute more of our stickers throughout Los Angeles
5. Start a discussion on E-Bikes parameters, selection and cost.
6. Who wants to help do the build-out of Rob Kadota's spreadsheet about bicycle shops, bike trails, and other activities in each of the Council Districts?

Thanks for your time. Hope to see some of you next Tuesday on the Zoom Call. My wish is that you all are safe and healthy.
