LABAC Retreat Planning Update

- Awaiting City of LA permission for NC and other civic groups to host in person or hybrid meetings. A doodle poll was sent out for four dates in the hopes a change is imminent otherwise will need to consider alternative dates or format.
- Two new ideas were discussed. 1) State of the City Annual report on Cycling by the LABAC and creation of a series of Bicycle Rides with City Council - meet your council member and get to know your neighborhood/city. Could coincide with Bike to School or Bike to Work dates or stand alone.

13. BAC Member and Officer Reports – Emphasis on Council District meetings and projects not listed above.

15. Adjournment in memory of - [Man killed after allegedly riding bicycle into oncoming traffic in LA's Mar Vista neighborhood - BikinginLA](#)

A man was killed riding a bike in the Mar Vista neighborhood of Los Angeles early Sunday morning 9/25. Although the details aren't very clear. According to a [multiple identical reports](#) based on a [story from City News Service](#), the victim was struck by a driver on Centinela Ave around 12:30 am Sunday. The victim, identified only as a man who appeared to be approximately 60-years old, was riding north when he was struck by the southbound motorist near [Centinela and Mitchell Ave](#), after allegedly riding into oncoming traffic. He died after being taken to a nearby hospital. The driver remained at the scene. Unfortunately, there's no explanation of what was meant by "riding...into oncoming traffic." It's possible he was on the wrong side of the street, or he could have simply been turning or trying to cross from one side to the other. There's also no word on whether there were any independent witnesses who saw him ride into traffic, aside from the driver who killed him.

This is at least the 66th bicycling fatality in Southern California this year, and the 20th that I'm aware of in Los Angeles County; it's also the tenth in the City of Los Angeles.

16. Next Regular Meeting – **Tuesday, December 6, 2022**
