  - h. Safer Streets or Settlements: <https://www.youtube.com/watch?v=A297pd-TfVc>. The City of LA is stuck in a spiral where we spend more in settlements than we do in investing in critical programs like Vision Zero, that make our streets safer. There were \$500 million in settlements on traffic collisions in one year. Instead of millions in settlements, we deserve a city that adequately funds our streets, prioritizes our safety, and fixes the root cause of these deaths. If you’re so inclined, please share the video on your social media.
  - i. Motion of support for Pico Boulevard Safety and Mobility Project that includes a class 4 bike lane
  - j. August 17 Culver City to Venice CicLAvia: We will have a table for the LABAC with discussions and a bicycling interest and needs survey for improving our presence in the community. Jennifer will send out an invite to the LABAC. We could have a lot of data on a laptop at the table.
